

# Clario

**Feeling lost in a sea of information?** Between HR policies, organization documents, and admin handbooks, it's easy to get overwhelmed.

That's why **DOCEO AI** created **CLARIO**, a secure, role-aware, AI-powered chat application that helps organizations instantly access trusted internal and external documents and policies through simple, natural conversations.

**CLARIO** makes finding the right information fast, safe, and effortless. That's how **CLARIO** redefines how organizations connect with information.
